#### Why Choose Companion Dog?

The classes for Beginners are a blend of Basics and Guide dog techniques to give you and your canine friend a great start. A friendly instructor and environment make it a great place to learn. Companion Dog establishes an emphasis on having a fun time while your dog becomes a well-mannered obedient companion for you and you become your dog's best friends. Others that have taken the classes help the instructor during class time to ensure individual attention for everyone participating in classes.

Advanced classes look to a more formal training giving you a start to earning other titles and building the relationship with your canine companion.
